Should you wish to receive the expanded virtual tour list for Lamorinda, Alameda and areas beyond please contact me directly so that I can create the appropriate tour for your needs.

Initial showings of homes for sale and those coming soon - have been scaled to "virtual tours" featuring photos and videos. I am happy to create a custom list of properties and accompanying photos of those properties for you. Please feel free to reach out and I will provide it to you based on your needs. Connecting with my vast network of colleagues I can provide you with the information you are seeking.
